

**MetroShingle™**

***A crisp clean  
shingle look  
with high tech  
durability.***

MetroShingle is designed to be durable, fast to install and provide maintenance free performance. The single course profile, combined with the interlocking front flange, creates a strong weather tight roof system designed to withstand the harshest environments. Our attractive color palette allows you to choose a look that's just right for your home or business.

***MetroShingle . . .  
the long-life  
attractive shingle  
alternative.***

MetroShingle is finished with an attractive stone coating embedded in a UV resistant acrylic polymer for a lasting bond to the Zincalume steel. They are designed to be Secure, Maintenance Free, Attractive, Reliable and are made with Top Quality materials.

***Purchase With Confidence***

Metro is committed to delivering roofs that are state-of-the-art in durability and design. For years we've been a leader in the design, production and installation of quality stone coated steel roofing, producing a roofing product that is high quality and affordable.

- ▲ 50-year fully transferable limited warranty
- ▲ 25-year appearance warranty
- ▲ 120 mph wind speed warranty
- ▲ Hail stone penetration warranty
- ▲ Lightweight 1.3 lbs./sq. ft.

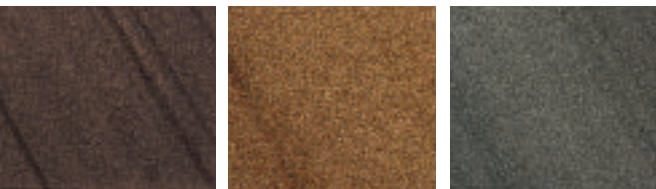

Metro Roof Products have been tested to meet Florida coastal wind codes, withstanding uplift forces equivalent to 150 mph winds.
